We would like to take this opportunity to welcome you to our practice. Please complete all enclosed forms and bring them with you to your appointment along with your Medical insurance card. Retina Specialists of Michigan does not bill vision insurance plans.

Your initial appointment is a complete evaluation and consultation and may take up to 2-3 hours. Both eyes will be dilated. We ask that you please plan accordingly.

If you have any managed care health insurance plan, please verify with your plan that the physician you are scheduled to see in our office is in the plan network; this will help you avoid "out of network" copay fees. Please contact your primary care physician to initiate prior authorization for your appointment and testing in our office if your plan requires prior authorization. Remember your health insurance plan is a contract between you and your insurance company. You are responsible for any deductibles, coinsurance and copayment amounts determined by the type of plan you have chosen.

If you have a co-payment with your insurance plan, payment is expected at the time of your visit. Private pay patients will be expected to pay \$100.00 towards their consultation at check in.

We understand that there may be circumstances and/or changes in your schedule that may prevent you from keeping your appointment. If this situation arises, we ask that you call us at least 24 hours in advance, and we will gladly reschedule your appointment. Please be advised that if you miss your scheduled appointment, and do not call us to reschedule or cancel, you will be billed a \$25.00 no show fee. This policy is effective beginning April 1, 2018.

We look forward to seeing you soon!
